Bulk Import Assets

Import Instructions

- Download the CSV template to see the required format
- Required columns: **type** and **location**
- Valid asset types: Elastic Rail Clip, Rail Pad, Liner, Sleeper
- Optional columns: vendor, id, install_date, warranty_period, health_score, status, etc.
- File size limit: 10MB
- Only Manager or Admin users can perform bulk imports

Duplicate Handling

- ☒ **Skip Duplicates**
Skip assets that already exist (recommended)
- ☐ **Update Existing**
Update existing assets with new data
- ☐ **Create Anyway**
Create new assets even if duplicates exist
